

AI & MACHINE LEARNING

WEEK 1 LECTURE 1.1

AI & ML

**Artificial
Intelligence
//
Machine
Learning**

STEP 1: SIGN UP FOR AZURE FREE ACCOUNT

- **Visit the Azure Free Account Page:** Go to the [Azure Free Account](#) page.
- **Click on "Start for free":** Click the "Start for free" button to begin the signup process.
- **Microsoft Account:** If you already have a Microsoft account, sign in with your credentials. If you don't have one, click on "Create one!" to create a new Microsoft account.

STEP 2: COMPLETE THE SIGNUP PROCESS

- **Identity Verification:**
- **Fill in Details:**
- **Agree to Terms:**
- **Complete Signup:**

STEP 3: ACCESS AZURE MACHINE LEARNING

- **Subscription:** Choose your Azure subscription (the free tier).
- **Resource group:** Create a new resource group or select an existing one.
- **Workspace name:** Provide a unique name for your workspace.
- **Region:** Select a region close to you.
- **Storage account, Key vault, Application insights, Container registry:** These will be created automatically, or you can choose existing ones.

4.REVIEW AND CREATE:

- Review your configurations and click on **"Review + create"**.
- After validation, click on **"Create"** to create your Machine Learning workspace.

STEP 4: START USING AZURE MACHINE LEARNING

- **Navigate to the Workspace:**
- **Azure Machine Learning Studio**
- **Explore and Create Projects:**
